Valois, attached is Nancy's reviewed PWS. She has some minor changes in red, changing "should" to "shall" in several places, adding an "s" for plurality here and there, and adding the word "this" in a couple of spots. I told Nancy to go with this on her end as final – she still needs to run it past the CO but does not foresee any changes. I'll leave this to you to submit to QA – after reviewing it yourself you will want to change all of Nancy's red changes back to black.

Please forward the QA forms to me once you receive them. Hope this works for you!
